FESTIVAL FOR PEACE & JUSTICE

Derby Guildhall 14th September 2013 10.00 – 22.00

This year, Derby honoured a daughter of Derby with a Blue Plaque: Alice Wheeldon and her family not only campaigned for women's rights but against the carnage of the First World War. To celebrate, Derby People's History have organised a Festival for Peace and Justice.

We will start at 10.15 with *The Alice Wheeldon Story*, followed by many fascinating insights into this dark period of our history.

The day's top speakers will include *Dr Nick Hiley, Cyril Pearce* and *Brian Stone* who will talk about the origins of MI5, the story of Conscientious Objectors and the legacies and lessons of WW1. The Coop Women's Guild will make a special contribution.

There will be Exhibitions and Displays all day, Art Activities, a Clarion Club Cycle Ride and Historic Walk.

At lunch time there will be a Concert including the inestimable *Robb Johnson, Chris Butler* and *Karl and the Marx Brothers*.

An All Day £1.00 ticket will get you in to this lively and enjoyable event, so book your place now and tell your friends. Or just come on the day.
